COMMUNITY MEETING ABOUT THE EAST-WEST TUNNEL

1pm Saturday July 20 on Bendigo Street

In the past week the Napthine Liberal state government has escalated its plans to push ahead with the unpopular, costly and environmentally devastating East-West road tunnel - a toll road that would link the Eastern Freeway to Melbourne's western suburbs.

We can't let the government knock down homes to build a toll road that the community neither wants nor needs.

Now's the time to come together and plan the next stage of the campaign against the tunnel.

Meet 1pm this Saturday (July 20) on Bendigo Street in Collingwood to discuss what's been announced and what to do next.

**'NO' TO THE EAST-WEST TUNNEL
'YES' TO THE DONCASTER RAIL**

This meeting has been called by Stephen Jolly,
Social Party Councillor for Langridge Ward, City of Yarra.
