

Thank you Julianne

Thank you Julianne for your efforts true

We really are in awe of you

No matter the challenge, always up for the fight

Bringing yet another dastardly plan to light

Not every battle has been won

But always your best you have done.

Street smart, wily, politically aware

Knowing when influence should be brought to bear

Tireless and relentless, inspiring and brave

We thank you for the time and energy you gave

Encouraging and chiding you ensured we gave our best

With such a legacy of service on your laurels you can rest

*Members of Royal Park Protection Group and all who love the park*

*Salute You Julianne for your dedication and tireless efforts to protect*

*Royal Park. Without you so much of the park would have been lost.*
